“Camp Celebrate was a place of respite for all of us who feel unseen, misunderstood and left out. Camp is decorated with the love of Jesus, staffed by hearts that don’t pretend to know but offer service.”

Camp Celebrate

RETREAT FOR FAMILIES AFFECTED BY DISABILITY

Community

At Camp Celebrate, hosted in Newport, Tennessee, families affected by disability have the opportunity to spend time together without the stressors of everyday life getting in the way. The buddy system provides a trained volunteer for each individual with a disability, allowing parents and caregivers to rest, knowing that their loved one is being cared for, and offering an outlet to build connections with other families who are also affected by disability.

Family Fun

Camp Celebrate offers families one week filled with restful — and fun! — family activities that they may not get to experience for the rest of the year. Mornings at camp are filled with age-specific programs, including singing, Bible study, and small groups. Afternoons are free, with opportunities to swim, climb a rock wall, ride horses, white-water raft, play paintball, do crafts, get a haircut, and enjoy massages.

Volunteers

In order for Camp Celebrate to be effective, an army of volunteers is needed to run programs, provide one-on-one assistance to individuals with special needs, and befriend siblings, allowing every family member a taste of independence and fun.
